🐙 [Leetcode](#) | [GitHub](#)

PROFILE / OBJECTIVE

B.Tech Information Technology student with hands-on experience in Python, SQL, machine learning, data analysis, and production data validation. Completed internship work across 50K+ records and built ML/NLP projects using scikit-learn, Streamlit, and data preprocessing pipelines. Interested in enterprise technology, cloud, DevOps basics, databases, and real-world problem solving. Currently learning AWS services including EC2, S3, IAM, Lambda, RDS, and CloudWatch.

EDUCATION

B.Tech in Information Technology – DY Patil College of Engineering, Pune

May 2027

- Relevant Coursework: Data Structures & Algorithms, Cloud Computing, DBMS, OOP, OS, Computer Networks, Machine Learning Basics, Data science and Big data analysis
- Academic Achievement : CGPA : - 7.5

Senior Secondary (XII), HSC-Vidya Valley Junior College, Pune

March 2023

SKILLS

- **Languages:** Python, C++, SQL (MySQL)
- **Databases:** MySQL, PostgreSQL, Data Modeling Basics, Data Validation
- **Data & Machine Learning:** pandas, NumPy, scikit-learn, NLP, EDA, Statistical Analysis
- **Backend / Apps:** FastAPI, Streamlit, REST API Basics
- **Cloud & Developer Tools:** AWS Services - EC2, S3, IAM, Lambda, RDS, CloudWatch (currently learning); Git, GitHub, Docker, Power BI.

INTERNSHIP / PROJECT EXPERIENCE

Data Analyst and Testing Intern | Orionsoft Tech Services Pvt. Ltd.

Jan2026 - Feb 2026

- Performed data analytics and quality assurance testing on production datasets, identifying 15+ anomalies and improving data quality by 20%.
- Implemented Python/SQL-based data validation checks across 50K+ records to improve accuracy, consistency, and reliability.
- Prepared data issue reports and collaborated with team members to support corrective actions and continuous improvement.

ACADEMIC PROJECTS

Full-Stack Authentication Web App — FastAPI, React, TypeScript, SQLAlchemy, JWT | 🐙 [Github](#)

- Built a full-stack web application with a FastAPI (Python) REST backend and a React + TypeScript (Vite) frontend, featuring secure JWT-based authentication and bcrypt password hashing.
- Implemented user registration and login with server-side validation and token-protected API routes, persisting users in a SQLAlchemy/SQLite database.
- Designed a responsive, modern UI with real-time form validation (live password-strength checklist, confirm-password matching, and show/hide toggles) and dynamic auth-aware navigation.

Concurrent Movie Tickets Booking Platform Python (FastAPI), Next.js, PostgreSQL, SQLAlchemy, Alembic, JWT | [Github](#)

- Built a full-stack movie-seat booking system using FastAPI async backend, Next.js 15 frontend, and serverless PostgreSQL on Neon.
- Implemented race-condition-safe seat reservations with atomic SQL updates and partial unique indexes to prevent double-bookings.
- Added secure JWT auth, rotating HttpOnly refresh tokens, bcrypt hashing, rate limiting, Pydantic validation, and Alembic migrations.
- Designed a responsive real-time seat booking UI with tiered pricing, error handling, and clean layered backend architecture.

Spam Detection System | Python, NLP, scikit-learn, Streamlit, TF-IDF | [Github](#)

- Performed data analytics and quality assurance testing on production datasets, identifying 15+ anomalies and improving data quality by 20%.
 - Implemented Python/SQL-based data validation checks across 50K+ records to improve accuracy, consistency, and reliability.
 - Prepared data issue reports and collaborated with team members to support corrective actions and continuous improvement.
-

POSITIONS OF RESPONSIBILITY

Sponsorship & Event Management Coordinator | Second Year of B.Tech

College Event Committee

- Secured sponsorship from PRAX, a clothing brand, for college events by coordinating with the brand and presenting event requirements.
 - Managed communication between the sponsor, college authorities, and event team to ensure smooth planning and execution.
 - Managed team responsibilities and supported planning, coordination, and on-ground event activities.
-

EXTRACURRICULAR ACTIVITIES

- National-level, State-level sports athlete in Roll Ball, Roller Hockey, Ice Hockey, Taekwondo, and professional skating.
- Guinness World Record holder for 24-hour skating, reflecting strong endurance, focus, and discipline.
- Sports Badge Holder in school, responsible for supporting sports activities, team coordination, and student participation.
